

Please do the following when you first launch the StudentVue app:

Locate and launce the StudentVue app.	 The image shows the StudentVue app icon, which is a green square with rounded corners. Inside the square is a stylized diamond shape composed of four smaller diamonds in blue, red, and white. Below the icon, the text "StudentVUE" is written in white.
Swipe to begin.	 The image shows the StudentVue welcome screen. It has a green header with the StudentVue logo and "powered by Synergy". The main text says "Welcome to StudentVUE" and "This app must connect to your school district's server. To find your school district swipe left." Below the text is a green arrow pointing left with a hand icon pointing at it, indicating a swipe gesture.
You should tap on Don't Allow .	 The image shows a location permission dialog box. The text asks "Allow 'StudentVUE' to access your location while you are using the app?" and explains that the app will use the current location to find school districts using the Synergy School Information System. At the bottom, there are two buttons: "Don't Allow" and "Allow".
Type in 22207 for the Zip Code.	 The image shows the StudentVue zip code entry screen. It has a green header with the StudentVue logo and "powered by Synergy". The text says "To find school district enter zip code of your school district office location:". Below this is a "Zip Code:" label followed by a text input field containing "22207". At the bottom, it says "Synergy SIS school district(s) near your location:" followed by three empty lines for results.

Tap on **Arlington Public Schools**.

Tap on **Yes**.

Tap on **No**.

Now log in with your student ID number and your APS Google/StudentVue password.
